

We, the Communication Committee for First Unitarian Universalist Church of Nashville, covenant to be:

- Committed to facilitating and improving communication at our church.
- Respectful of all committee members, knowing that each of us plays a role in service to the church.
- Sensitive to the times when we or others cannot undertake new tasks.
- Available to the committee through attendance at meetings or through participation in group discussions.

Through this service, we seek growth for ourselves, our committee, our church, and our community.
